There were no major changes to the catalog in 2024, but we did see a rise in the Vinegars and Dried Foods categories that were added in 2023, both in number of entries and number of individuals participating.

One change in our guidelines was in the area of instructions. We provided “helpful hints’ to get entries in position to receive positive evaluation.

2024 Outreach

We held a Tuesday Talk at the Highland Center in May which was presented by 2 of our certified judges (one of whom is in charge of the judging certification program for the Commonwealth). It was an informative session – but did not have a large attendance.
